

Explore Our New TDS Portal Design in Beta!

We're thrilled to introduce the beta version of our TDS Portal! Experience a fresh, user-friendly design aimed at making your interactions smoother and more efficient. And don't worry, whether you're using the old or new interface, both operate seamlessly on the **same data** in the background.

New TDS Portal is available on <https://int.tds.tieto.com/portal2>

Old TDS Portal is still accessible on <https://int.tds.tieto.com/portal>

Not a fan of change? The old TDS Portal is still available on the same URL, open TDS Portal in the new tab and you are back. Or look for the link in the top right corner, and with a simple click, you can seamlessly revert to the old interface.

Your feedback is invaluable as we fine-tune and enhance your user experience. Let us know what you think!

Thank you for being part of our journey toward a better TDS Portal.

Happy exploring! TDS Team
